Introducing the Enduro Trailer

/// Dedication to Quality

Auto Leisure and Marine Group manufacture durable boat trailers for the marine industry. Exuding quality and innovation, the new range includes production trailers, multi adjustable trailers to accommodate a range of boats as well as custom built trailers manufactured to your required specifications.

Designed by Andrew Fink, the attention to detail and creative approach to the range is indicative of his experience and expertise within the marine industry. Driven by a passion to fill an uncharted niche within the trailer market, Andrew and the team at Auto Leisure and Marine Group have manufactured an original quality product that supports the customers' needs as well as the boat itself.

Designed and machined using CAD drawing and CNC technology, Enduro Trailers delivers unrivaled quality and precise componentry.

INTERGRATED FLUSHING SYSTEM

An integrated flushing system is optional with all the trailers. This flushes the trailer of residual salt water, decreasing the chance of trailer deterioration.

TAIL LIGHT PROTECTION

Tail light protection is achieved by shrouding the panel the tail light is fastened to, resulting in a smarter looking chassis that compliments the lines of the boat.

SEALED CROSS MEMBERS

The robust frame is manufactured with sealed cross members, reducing the chance of corrosion and promoting the trailers long term strength.

Innovation and Style

/// The COMPAK

Diverse by Design

The Compak is a diverse trailer that can be adjusted to a range of lengths to accommodate various sized boats. Designed for Ribs, alloy and glass dinghy's, the trailer can support a variety of boats within a specified range. The Compak transforms by simply altering the length of the draw bar and rear roller to the required length. Another unique feature of The Compak is its ability to be transformed into a conventional car trailer with the attachable box section.

MODEL: COMPAK

SIZE RANGE: 2.5-3.5m

SUSPENSION TYPE: Eye Slipper 2 Leaf MAXIMUM GROSS WEIGHT (COMBINED LOAD): 310kg

WHEEL SIZE: 8"x 5.7"

TYPE AND NO. OF ROLLERS: Two Keel Rollers and Two Side Skids

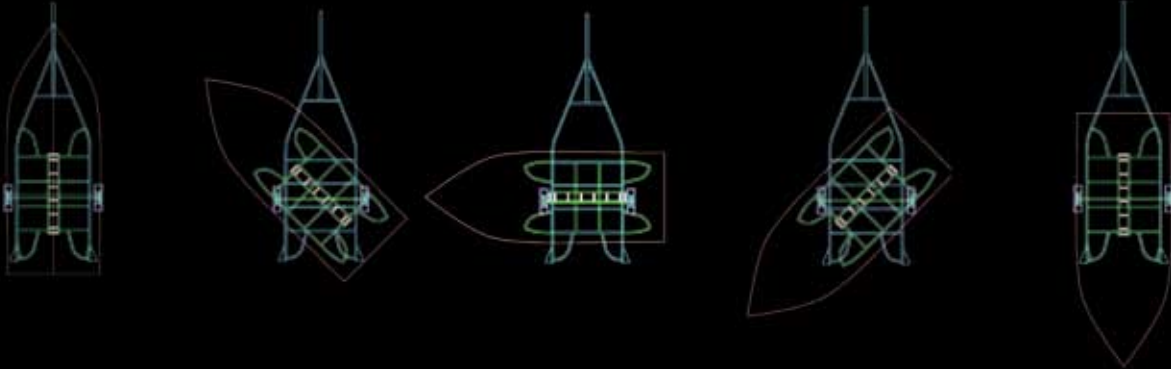

/// The Endurotate

Bimodal | "Having two distinct statistical modes"

The Endurotate has revolutionised the process of launching a boat.

This trailer has been exclusively designed to simplify the process of launching a boat in challenging conditions. The trailer consists of a standard Enduro Trailer frame on top of which is mounted a carousel that cradles the boat and rotates with the use of the trailer winch. This allows the user of the Endurotate to launch the boat bow first into the water.

Inspired Concept

MODEL: 400 Series

SIZE RANGE: 3.5 - 4.5m
MAXIMUM GROSS WEIGHT
(COMBINED LOAD): 650kg
AXLE: Single Axle
SUSPENSION TYPE: Eye Slipper 3 Leaf
WHEEL SIZE: 12"x145
TYPE AND NO. OF ROLLERS: 2 Keel
Rollers and Side Skids

MODEL: 500 Series

SIZE RANGE: 4.5 - 5.5m
MAXIMUM GROSS WEIGHT
(COMBINED LOAD): 974kg
AXLE: Single Axle
SUSPENSION TYPE: Eye Slipper 5 Leaf
WHEEL SIZE: 12"x155
TYPE AND NO. OF ROLLERS: 2 Keel
Rollers and Side Skids

MODEL: 550 Series

SIZE RANGE: 5-6m
MAXIMUM GROSS WEIGHT
(COMBINED LOAD): 1340kg
AXLE: Single Axle
SUSPENSION TYPE: Eye Slipper 6 Leaf
WHEEL SIZE: 13"x165
TYPE AND NO. OF ROLLERS: 20 Multi

MODEL: 600 Series

SIZE RANGE: 5.5-6.5m
MAXIMUM GROSS WEIGHT
(COMBINED LOAD): 1500-1900kg
AXLE OPTIONS: Single & Tandem
SUSPENSION TYPE: Eye Slipper 7 Leaf/
Equalizing 4 Leaf.
WHEEL SIZE: 13"x175/ 13"x165
TYPE AND NO. OF ROLLERS: 28 Multi

MODEL: 650 Series

SIZE RANGE: 6.5-7.5m
MAXIMUM GROSS WEIGHT
(COMBINED LOAD): 2200kg
AXLE: Tandem Axle
SUSPENSION TYPE: Equalizing 4 Leaf
WHEEL SIZE: 13"x165
TYPE AND NO. OF ROLLERS: 28 Multi

MODEL: 700 Series

SIZE RANGE: 7-8m
MAXIMUM GROSS WEIGHT
(COMBINED LOAD): 2400kg
AXLE: Tandem Axle
SUSPENSION TYPE: Equalizing 5 Leaf
WHEEL SIZE: 13"x165
TYPE AND NO. OF ROLLERS: 36 Multi

MODEL: 750 Series

SIZE RANGE: 7.5-8.5m
MAXIMUM GROSS WEIGHT
(COMBINED LOAD): 3500kg
AXLE: Tandem Axle
SUSPENSION TYPE: Equalizing 7 Leaf
WHEEL SIZE: 14"x195
TYPE AND NO. OF ROLLERS: 44 Multi

MODEL: 800 Series

SIZE RANGE: 8-9m
MAXIMUM GROSS WEIGHT
(COMBINED LOAD): 3500kg
AXLE: Tandem Axle
SUSPENSION TYPE: Equalizing 6 Leaf
WHEEL SIZE: 14"x205
TYPE AND NO. OF ROLLERS: 44 Multi

Specifications are subject to change at any time.
